Greene announces candidacy for 106th District

Lora Greene has announced her candidacy for state representative of the 106th House District.

Greene announced that she is running for state representative to stimulate opportunity for everyone in the district by promoting job growth, safe infrastructure, strong schools, and health-care access.

Greene, a family law attorney at GPS Law, the local firm she started, emphasized her first-hand experience in solving problems for families and helping make sure they can get a fair shot.

"Northeastern Michigan is a beautiful place full of hardworking, caring people, but many folks here feel like

they don't have a fair shot," Greene said. "Lansing has been overlooking us for too long, holding us back from opportunity. Yet northeast Michigan continues to make strides to protect and grow its community despite those barriers.

"So, I'm running to speak up on the issues that matter to us and our success; good infrastructure in rural communities, small business creation, classrooms with enough resources, and protecting and maximizing the value of our great resources."

In addition to her legal work, Greene, who moved to Alpena 23 years ago and decided to build her life here, has taught as an adjunct fac-

ulty member at Alpena Community College and Spring Arbor University. She is a board member and past president of the Community Foundation for Northeast Michigan and a member of the Alpena Rotary Club.

Additionally, she served on the boards for Alpena Senior Citizen Center, First Federal Community Foundation, Besser Museum for Northeast Michigan and Thunder Bay Theatre.

She explained the importance of leveling the playing field in Lansing for the families, students, and seniors in the district with whom she's worked so closely over the years. "We're all told that life's not fair, but our representa-

tives in Lansing are supposed to be fighting to make it fairer for us, the constituents," Greene said.

"Anyone who is willing to work hard should have a chance to build a better life, and northeast Michigan deserves a strong advocate who will fight for those rights and break down those barriers to a level playing field. In Lansing, I'll use my mediation skills to reach across the aisle to promote job and wage growth, while always fighting to protect the pristine waters upon which our economy and heritage depend. It would be an honor and privilege to represent the 106th in the legislature.

The 106th district is com-

Roller derby women -- proud, fierce, competitive

By Mary Weber
Staff Writer

Names like Brekyerbones, Killaskowski, Dee-strucktion, Killa and Scally Tag might conjure visions of pirates who plunder and attack their opponents ruthlessly.

This would be a fair assessment, however, instead of rough, burly men these names belong to women --

women of the Shipwreck Alley Rollers.

Coming from all walks of life, this group of 30 athletic and competitive women are putting their grit and determination to the test while wearing roller skates.

The Shipwreck Alley Rollers are an Alpena-based women's roller derby team that formed two years ago. The team began its first sea-

son of competitive bouts last Saturday evening playing against the River City Renegades from Cheboygan, Mich.

Although the Shipwreck Alley Rollers, or SARs as they like to call themselves, was ready for battle on the rink, the River City Renegades rolled over them 170-114.

Cristi Johnson, SARs head coach and founder, said her

team had a great showing in the second half, but power jams in favor of the Renegades while the SARs jammer was in the penalty box, proved effective and ultimately lead to the Renegades' win.

Since the sport is extremely physical with hits, blocks, jams and a lot of falls on cement, the SARs have been working up to competitive bouts against other teams

over the last few years. Johnson said she wanted to make sure not to put any of her teammates in dangerous situations before they were ready.

While they did have a few competitive experiences last year, this is the first year the team has an extensive traveling schedule. The schedule will be taking them across Michigan from as far north as Hancock and Kingsford in the Upper Peninsula to southern Michigan's Holland and Onsted. They will also host two more home bouts, one on June 23 against Chemical City Derby Girls from Midland, Mich., and another on August 25 against the Demolitia Derby Queens of Lapeer, Mich.

Johnson said the sport of women's roller derby has changed immensely over the years. "It used to be very theatrical, rehearsed and planned out, much like the WWE (World Wrestling Entertainment). The new age of roller derby is not like that, it's a very physical endeavor and highly competitive."

She explained there is no acting on the rink, however, generous amounts of flair are involved. "Our skaters have fun names and some of us choose to wear bout make-up. We express ourselves in different ways which is uncommon in other sports. That doesn't mean we don't take our training or our preparation for our game seriously. We cross train and act just

Alcona High School students exceed the goal to raise \$18,800 by \$4,000 thanks to hard work and support from the community. The funds were raised so 10 students could travel to Washington D.C. to participate in Close-Up, an internationally known program designed to give teenagers an intensive five-day education in the nation's capital. Student advisor Shelly Hoffmeyer said excess funds will roll over to students attending the program next year. Charles McLaughlin

The memorial service scheduled for Charles McLaughlin has been postponed. A new date will be announced in the future.

Suzanne E. Puff, age 78, died Wednesday, April 11, 2018 at Borgess Medical Center in Kalamazoo. Born in Fort Wayne, Ind., she was a daughter of the late Hubert and Edna Mae Ralston. Suzanne had been a resident of Michigan since 1965. Married Gerald Puff on June 20, 1958 by Rev. E. Neger in Ft. Wayne, Ind. at St. Paul's Lutheran Church.

Suzanne E. Puff

Suzanne followed her husband's career. They went from West Lafayette, Ind., Gary, Ind., Lompoc, Cal., then to Harrisville, Mich. to the farm. They later moved to Germany for a 5 year tour with the Army. While in Germany they went to a bullfight in Spain, trips to East Germany behind the iron curtain, trips to England, and various European countries.

She was a loving wife, mother, grandmother and great-grandmother. During her life on the farm, she helped chase cows, raised 4 precious rug rats, and painted by number. She was one of the founding members of Faith Lutheran Church, Harrisville. There she organized various activities at the church.

Suzanne enjoyed working in the yard, tending her flowers, feeding the birds, watching soap operas and was an avid Elvis fan. Her greatest joy in life was spending time with her family.

Surviving are her loving husband of 59 years, Gerald Puff of Jonesville, Mich.; children, Debbie (Bill) Frickey of Jonesville, Mich., Lois (Doug) Woods of Brighton, Mich. Gerald "Jake" (Leeann) Puff, Jr. of Columbia City, Ind., Patricia Puff of Red Oak, Iowa; sister, Marylou Estep, of Fort Wayne, Ind.; brother, Tom Ralston, of Fort Wayne, Ind.; seven grandchildren, and four great grandchildren; and "Cotton" her dog. Interment in the Ralston family plot next to her mother in Greenlawn Memorial Park, Fort Wayne, Ind. Memorials to Faith Lutheran Church, 3395 E. Norman F. Monroe

Norman F. Monroe, 89, died April 28, 2018 in Brandon, Florida. He was born October 30, 1928 to Albert and Leigh (Clairwood) Munroe in Herron, Mich.

On June 10, 1950 he married Lorraine Gagneu at St. Anne Catholic Church in Harrisville.

Mr. Monroe served as a sergeant in the U.S. Army during the occupation of Germany and during the Korean War.

He retired from Detroit Diesel Allison in Redford, Mich. after 32 years.

Mr. Monroe enjoyed gardening, cooking, golf, fishing, hunting, Detroit Tigers base-

ball and Detroit Lions football.

He was a member of the Knights of Columbus in Dearborn, Mich., VFW in Barton City, American Legion in Mikado and was a driver for Meals on Wheels in Alpena County.

Mr. Monroe is survived by one son, Mark Monroe of Harrisville; two daughters, Lisa (Mark) Washick of Garden City, Mich. and Sandra (Tim) Dawson of Brandon, Fla.; several grandchildren and great grandchildren; two sisters, Norma (Ron) Smith of Alpena and Therese (Lee) Weed of Canton, Mich.

He was preceded in death

by his wife, Lorraine; and one daughter, Michelle Hegwood.

Interment will be in Holy Cross Cemetery in Alpena. A memorial service will be held at a later date.

Frank A. Rice

Frank Alexander Rice, 95, of Harrisville died on Tuesday, April 24, 2018 at home.

He was born on September 13, 1922, at his family home on MacGregor Road in Lincoln to Mike and Blanche (MacNeill) Rice. He was raised on their dairy farm with three brothers and three sisters. He graduated from Harrisville High School in 1941.

He married Virginia Carol Mausolf of Alpena in 1945.

He was drafted into the U.S. Army in 1946 during World War II. They moved to Detroit, Mich. in 1949 when Mr. Rice secured a Civil Service job with DSR, where he was employed as a diesel mechanic repairing buses for the city.

In the 1950s Frank invented an air cleaner for construction equipment. He was self-employed at Rice Filter, then became a superintendent at Combustion Research. He later became involved in the invention, engi-

neering, and manufacturing of infra-red radiant gas heaters and later barbeque grills at Detroit Radiant Products.

In 1987, after 38 years in Detroit, Mich., the Rices moved back to their 40-acre farm in Harrisville to enjoy their retirement. As a nature and animal lover, he enjoyed returning to his roots as a farmer, planting a garden every year and eating the fruits of his labor, making maple syrup, and making friends with the birds and animals like his pet deer, Fella.

Mr. Rice is survived by his wife, Carol; two daughters, Karen Lee (Harry) Porter of Fenton, Mich. and Rosalie Sue (Dave) Gordon of Sterling Heights, Mich.; and two sons, Mark Alan (Margaret) Rice of Greenbush and Craig Rice of Harrisville; 12 grandchildren; numerous great-grandchildren; one great-great-grandson; and one sister, Anna B. Kelly of Troy,

Mich.

He was preceded in death by three brothers and two sisters.

A funeral Mass was held on Tuesday, May 1 at St. Anne Catholic Church in Harrisville. The Rev. Robert Bissot officiated. Arrangements were handled by Gillies Funeral Home, Lincoln.

Letters to the Editor

To the Editor,

We would like to give a big thank you to Randall Goodman for his time and dedication to the City of Harrisville and Alcona County as the fire chief for the last 14 years. Randall has moved out of the area. Job well done, he will be missed.

William Stacey
Greenbush

To the Editor,

Just a note to the guys on the road commission -- what a (heck) of a job you've done. Two and half day storm, wet, heavy and, in the spring, gravel roads, for the most part, were thawed.

Listening to the scanner -- trucks breaking, equipment breaking, trucks stuck quite frequently because there was no frost.

My hat is off to you guys. Job well done. Hopefully, that's the last one.

Bill Miller
Mikado

To the Editor,

There's a sign on US-23 that reads: "Greenbush-People Loving People." Truer words were never spoken.

Recently, when shopping at Family Fare I forgot and left my wallet in the cart and drove away without it. The gentleman in the car next to us realized what had happened and tried to catch up with us, but due to traffic was unable to do so.

When I arrived home, lo and behold, there was my wallet stuck in the handle of our door and nothing was missing. What a wonderful surprise. At that point I had no idea who had put it there.

This gentleman even called later to make sure I retrieved the wallet safely.

My heartfelt thanks is being sent to the gentleman for his honesty and integrity for doing everything to make sure I got my wallet back. May God bless you.

Also, a very big thank you to all our wonderful neighbors and friends that continue to help us in our old age. These are truly Greenbush-People Loving People.

United Way Mini Grants

Steve Jakubcin and Alison Jakubcin, chairpersons for United Way of Northeast Michigan campaign, presented checks totaling \$7,920 to representatives of organizations that offer programs and services to citizens in Alcona, Alpena and Montmorency counties who applied for funding through the Mini Grant process. The following representatives from local organizations received these grants.

The Alcona County Library received \$500 for the teenage Art Cart & Totes program; Northeast Michigan Community Service Agency received \$1,000 for the postpartum nursing baskets; the Thunder Bay Theatre received \$500 for the spring 2018 educational tour; Alcona Community Schools received \$1,000 to upgrade lighting and sound in the school auditorium; 88th District Court Drug and Alcohol Treatment Court received \$920 for equipment; the Alcona Historical Society received \$1,000 for a media upgrade

for disability accessibility; the Alcona County Baby Pantry received \$1,000 for safe cribs and bedding; and Alpena Public Schools received \$1,000 for Iosco PRIDE assembly.

United Way of Northeast Michigan accepts applications for mini grants, from any 501c3 nonprofit health and human care organizations twice a year, in March and August. Organizations can apply for up to \$1,000. Since the inception of the Mini Grant program in 2012, the United Way has distributed \$81,966 to organizations to assist with programs or immediate needs. Mini Grants are made possible due to the donors who support the United Way.

ORVs in National Forests

The U.S. Forest Service reminds visitors that recent changes to Michigan state law regarding ORV use on state forest lands do not apply to the Huron-Manistee National Forests.

The recently enacted Public Act 288 addresses riding ORVs on state forest land and opened hundreds of state forest roads to ORV use in northern Michigan. The use of ORVs on the national forests remains restricted to only roads, trails and areas designated open to that use. Only vehicles licensed through the Secretary of State may ride on forest service roads. All trails and roads open to motorized use on the Huron-Manistee are identified on Motor Vehicle Use Maps (MVUMs), available at no cost online at <https://go.usa.gov/xQg8F> or from any of our five offices.

ORV's may not ride on the shoulder of forest service roads not designated for such use, even in those counties within northern Lower Peninsula that opened their roads to ORV use in the past 10 years. Violations are punishable by a fine of not more than \$5,000 and imprisonment for not more than six months, or both. Recreation maps and safety reminders are available from the forest service at <https://go.usa.gov/xQgw7>.

Alcona baseball splits doubleheaders

By Ben Murphy
Sports Writer

The Alcona varsity baseball team had a pair of road doubleheaders last week, splitting the pair each night.

On Thursday, April 26 the Tigers played at Whittemore-Prescott, falling 5-4 in game one and winning game two 13-3.

Josh Kilbourn took the loss, with Luke Loyer also pitching in relief.

Kilbourn also had three hits on offense, Alex Stephenson had two and Matt Krisan had one double and two RBI.

In game two, Tim Hutchinson picked up the

win, with Ezra Stoley pitching in relief.

Stephenson had a big game at the plate, going four-for-four with two RBI. Devon Mills had two doubles and two RBI. Kilbourn and Antavious Mikazes got two hits and two RBI each.

"We had a couple mental errors in the first game which hurt us," said head coach Nate Walker. "We plan to clean up those things and get back to the grind."

On Monday, April 23 the Tigers played at AuGres. Alcona won the opener 9-2 but lost game two 4-1.

Kilbourn earned the win in

game one and struck out four. Tim Hutchinson pitched in relief and fanned six.

Krisan smacked a two run home run in the first inning, Tim Hutchinson, Jack Hutchinson and Stephenson all had two hits apiece. Krisan and Mills got two RBI each and Jon Surgener had one RBI.

Stephenson took the 4-1 loss in game two. Tim Hutchinson had two hits, Mills had a hit and an RBI and Kilbourn had a hit.

"We just couldn't seem to get the bats rolling against their pitcher," Walker said.

Alcona hosted Oscoda on Monday and heads to Johannesburg-Lewiston on Saturday, May 5.

Lady Tigers split games with W-P

By Ben Murphy
Sports Writer

The Alcona varsity softball team had plenty of offense in game one. The bats dried up in game two however, leaving the Lady Tigers with a split at Whittemore-Prescott on Thursday, April 26.

Alcona won the opener 13-12, with Raegen Eller getting the win, striking out four batters.

"The girls started strong on offense, getting the ball in play and being aggressive on the base paths," said head coach Chelsea Neuenfeldt. "Despite a close comeback from Whittemore, the girls held them off and came away with a victory."

Abby Lobaugh had three hits. Eller, Brianna Fogle and Hailee Gordy had multiple hits. Eller had six steals.

Game two saw W-P get even by handing Alcona a 12-2 setback. Eller took the loss, with Taylor Livingston and Brianna Fogle tossing in relief.

Gordy, Fogle, Anna Loyer, Lobaugh and Eller had one hit apiece.

On Monday, April 23 the Lady Tigers played at AuGres, dropping both sides of the doubleheader, 13-2 and 15-4.

Becker's Hospital Review "150 Top Places to Work in Healthcare 2018" list. The honor highlights hospitals, health systems and health care companies that promote diversity within the workforce, employee engagement and professional growth.

"What an outstanding achievement for MidMichigan Health and its employees," said Diane Postler-Slattery, president and CEO, MidMichigan Health. "Our employees are the driving force to putting our patients first at all times. Therefore, it is a top priority to ensure our employees find our organization an excellent place to work and we do this in a variety of ways. First, at MidMichigan Health, we are committed to educating, training and arming them with the tools needed to be successful and to grow as leaders within our system. What's more, the health of our employees is also critical as they in turn take such great care for our patients. We have a variety of programs and options in place to help them stay fit and more productive in the workplace."

Michigan Works! Region 7B Consortium was recently awarded a grant in the amount of \$179,808. Money from the grant will be used to create a talent pipeline for students to train for the United States Department of Labor (USDOL) registered apprenticeship program at Kalitta Air, LLC in conjunction with classes at Alpena Community College.

Kalitta Air, LLC is offering a new Aircraft Maintenance Apprenticeship program at its maintenance base in Oscoda.

The program will provide competency-based training in communications, industrial safety, manufacturing process, and technical math. Participants in the pre-apprenticeship program will receive a jump start on completing the requirements of the USDOL apprenticeship, as many of the classes and time will be transferred towards the requirements of the apprenticeship.

"Alpena Community College is thrilled to collaborate and partner with Kalitta Air and Michigan Works! Region 7B to develop and deliver accelerated, pre-apprenticeship training, preparing our community to meet the pre-employment skills needed to enter into and be successful in the airframe and power plant mechanic registered apprenticeship" said Dawn Stone, director of grants at Alpena Community College.

"Apprentices selected for the Kalitta Air Aircraft Maintenance Registered Apprentice Program will observe and assist in a live maintenance environment, supervised by experienced mentoring mechanics. Throughout the 30-week program, apprentices are exposed to all aspects of hangar/line maintenance and jet engine maintenance operations," said Angel Melendez, maintenance training manager at Kalitta Air LLC, "It's a fantastic opportunity. It does not cost participants anything. Not only are prospective employees provided with a career path, they are introduced to a career where they will never stop learning."

For more information on the program, contact Lindsay Adkins at the Iosco County Michigan Works! office to attend an informational meeting at (989) 362-6407.

New shingles vaccine provides seniors better protection

Dear Savvy Senior,
A good friend of mine got a bad case of shingles last year and has been urging me to get vaccinated. Should I?
Suspicious Susan

Dear Suspicious,
Yes! If you're 50 or older, there's a new shingles vaccine on the market that's far superior to the older vaccine, so now is a great time to get inoculated.

Shingles, also known as herpes zoster, is a burning, blistering, often excruciating skin rash that affects around one million Americans each year. The same virus that causes chickenpox causes shingles. What happens is the chickenpox virus that most people get as kids never leaves the body. It hides in the nerve cells near the spinal cord and, for some people, emerges later in the form of shingles.

In the U.S., almost one out of every three people will develop shingles during their lifetime. While anyone who's

had chickenpox can get shingles, it most commonly occurs in people over age 50, along with people who have weakened immune systems. But you can't catch shingles from someone else.

Early signs of the disease include pain, itching or tingling before a blistering rash appears several days later, and can last up to four weeks. The rash typically occurs on one side of the body, often as a band of blisters that extends from the middle of your back around to the breastbone. It can also appear above an eye or on the side of the face or neck.

In addition to the rash, about 20 to 25 percent of those who get shingles go on to develop severe nerve pain (postherpetic neuralgia, or PHN) that can last for months or even years. And in rare cases, shingles can also cause strokes, encephalitis, spinal cord damage and vision loss.

The Food and Drug Administration recently ap-

proved a new vaccine for shingles called Shingrix (see Shingrix.com), which provides much better protection than the older vaccine, Zostavax.

Manufactured by GlaxoSmithKline, Shingrix is 97 percent effective in preventing shingles in people 50 to 69 years old, and 91 percent effective in those 70 and older.

By comparison, Zostavax is 70 percent effective in your 50s; 64 percent effective in your 60s; 41 percent effective in your 70s; and 18 percent effective in your 80s.

Shingrix is also better than Zostavax in preventing nerve pain that continues after a shingles rash has cleared – about 90 percent effective versus 65 percent effective.

Because of this enhanced protection, the Center for Disease Control and Prevention recommends that everyone age 50 and older, receive the Shingrix vaccine, which is given in two doses, two to six months apart.

Savvy Senior

Even if you've already had shingles, you still need these vaccinations because reoccurring cases are possible. The CDC also recommends that anyone previously vaccinated with Zostavax be re-vaccinated with Shingrix.

You should also know that Shingrix can cause some adverse side effects for some people, including muscle pain, fatigue, headache, fever and upset stomach.

Shingrix – which costs around \$280 for both doses – is (or will soon be) covered by insurance including Medicare Part D prescription drug plans, but be aware that the shingles vaccines are not al-

ways well covered. So before getting vaccinated, call your plan to find out if it's covered, and if so, which pharmacies and doctors in your area you should use to insure the best coverage.

Or, if you don't have health insurance or you're experiencing medical or financial hardship, you might qualify for GlaxoSmithKline's Patient Assistance Program, which provides free vaccinations to those who are eligible. For details, go to GSKforyou.com.

like other athletes. We pay attention to nutrition and are proactive about being competitive. There is no acting involved," Johnson said.

Team members are 18 years of age and older and come from communities from Oscoda to Hillman to practice twice a week at Northern Lights Arena in Alpena in the summer and Hillman in the winter.

SARs are moms or have other demanding jobs during the day, such as nurses, doctors, teachers and librarians, but when they lace up their skates, they all become sisters united with intense competitive passion.

Joy Bullis, aka Dutch Deeva, a busy 43-year-old Hubbard Lake mom of three boys ages 12, 14 and 16, said she saw a posting when the league was forming in 2016. She was intrigued but didn't really take it too seriously when she first spoke to Johnson. "I remember my first conversation with Joy," said Johnson, "She didn't

think she'd have time for this. Most of our team members say that in the beginning, or that they don't know how to skate. We teach them to skate, that's the easy part."

Johnson explained the team is mostly made up of women who spend their days working and taking care of their children, often taking kids from one sporting event to another or coaching their kid's sports, but never take time for themselves, which she feels, is important.

Bullis was glad she decided to try and is now one of six coaches on the team. "I like to be challenged. I like doing new things and being different than other people. This combination pushed me to give this a try. Now I'm addicted. This (sport) grows on you. I started for the challenge and now I do it for the love of the sport and the team," Bullis said.

Bullis said the journey has been a life-changing experience. Meeting and getting to know her teammates, who

are "incredible and amazing," has been the best part of the journey. "It's very much a sisterhood. We are all competitive and there is lot of personalities going on here, but we work well together. Bouts are hard on the body and it doesn't always feel good the next morning, but everyone here is able to brush off the hard hits," Bullis said.

She is also proud of her family for being supportive and feels she is luckier than many of her teammates, because her boys are older and don't need babysitters.

With the bulk of the team being of childbearing age they often refer to teammates who cannot play due to pregnancy as having a "nine-month injury." Even though expecting moms are sidelined, they are still very much a part of the team and perform many other off-rink tasks to keep their team performing smoothly.

Hilary Coffman, aka Quiet Storm, of Alpena is one of the newest players on the team. She had a friend who was on

Roller Derby Basics

The object of the game is to score the most points by lapping the opposing team members on a flat track

A roller derby game is called a bout with each bout consisting of multiple jams. A jam is a two-minute period in which teams attempt to score points.

During a jam, five players from each team, consisting of one jammer, who wears a helmet with a star on it, one pivot, who wears a helmet with a stripe on it and three blockers.

The pivot and the blockers make up a pack and it is their job to stop the opposing team's jammer from breaking through their pack and scoring, while helping their own jammer advance.

Packs from both teams skate together, typically in a

PUBLIC HEARING NOTICE

The Gustin Township Planning Commission will hold a public hearing on a proposed zoning amendment to allow Medical Marijuana Primary Caregiver Facilities as a Home Occupation. Primary Caregivers with a caregiver license to provide for five patients are not considered Commercial Marijuana Facilities and are also not permitted to dispense marijuana to their five patients at the site of the home occupation. No commercial marijuana facilities will be permitted in the township (including provisioning centers, growers, processors, secure transporters, or safety compliance facilities). The public hearing will be held June 5, 2018 at 7 p.m. at the Gustin Township hall, 113 S. Second St., Lincoln, MI 48742. Written comments may be sent prior to the public hearing to P.O. Box 25, Lincoln, MI 48742. The public may appear at the public hearing in person or by council.

called 'Fresh Meat,' because that's what new players are, but I liked it. It's a lot of fun. I always enjoyed roller skating and I'm competitive, so this is right up my alley, and it gets me out of the house," Coffman said. Her children are 8, 9 and 14 so it's a little more difficult to get to the rink, but she manages.

The team will be holding another clinic in August. Johnson preaches for a player to hit their opponent as hard as they respect them, which sets the tone, so players don't take things personally. She said one of their mottos is to "leave it on the track."

Roller Derby teammates have so much respect for their opposing team that when a Renegades player was injured during Saturday's bout, all players from both teams took a knee while referees and

linesmen attend to the injured player.

Derby teams will even go out together for an afterparty to celebrate sportsmanship. At the afterparty, each team will pick out the opposing team's most valuable blocker

snacks, team swag and a program for \$20. Larger parties can inquire about suite rental.

fairly tight group. The jammer must skate her way through the pack. Each time the jammer passes a member of the other team; she scores one point for her team.

The jammer who legally passes through the pack first wins the status of lead jammer. A jam ends when the lead jammer calls it off or the two-minute time period is over.

Like most team sports, there are official rules and fouls -- such as tripping, charging from behind, making a block above the shoulders, blocking a player who is out of bounds and many others -- are enforced with penalties.

rately, combining them was an ambitious idea. Byron was certain it would work and took the lead to make it happen. He began studying similar store setups across the country to craft his vision.

He also acted as general contractor to renovate the building, plan the layout, fill the store with merchandise and hire 50 employees, all within four months. He also integrated the point-of-sale systems for each side of the business so they would work together.

Today, the store has a 10,000-square-foot Ace Hardware store and a 33,000-square-foot grocery store, complete with a full deli, beer cave and even a gift shop. People love the huge beer cave selection and Liquor at state minimum.

With the new store in Oscoda up and running, Byron and his father purchased an existing hardware store in Gladwin, Mich., in 2015. Currently, he is in the process of opening a store in Hillman, Mich. And while expanding to new locations, he continues to strengthen his existing stores to best serve customers.

A lesson he learned early in his retailing career was that trimming expenses was critical to creating a profitable business. By scrutinizing his operation's administrative expenses, he's been able to reduce overall expense by eight percent. He was also an early adopter of LED lighting, outfitting all of his locations with the technology to reduce the company's energy use.

After his combination grocery and hardware store proved successful, Byron also successfully integrated a full NAPA Auto parts store into the Lewiston location. Each of his locations has a gift shop, sporting goods and nurseries.

Byron is also a big believer in improving his community. He has been involved with the local Lewiston Chamber of Commerce for more than

eight years, where he has made an impact by taking leadership of its Timberfest community festival. The festival was at risk of being cancelled due to lack of interest of leadership and low revenue. Byron volunteered his business acumen and community relationships to turn it around. He brought in new vendors, entertainment, and attractions for children. The first Timberfest Byron oversaw netted \$10,000, and in the years since, has earned more than \$65,000 for the chamber and the community of Lewiston.

"I truly believe you make a living by what you earn, but you make a life by what you give," he said.

Elsewhere in the community, Byron has volunteered as emcee and auctioneer at numerous charity auctions throughout the region. He has also helped coordinate the Lewiston Holiday Light program, where he helped raise \$20,000 for the community.

"The Young Retailer of the Year program highlights the best of the best in the retailing industry. Manufacturers, retailers and wholesalers all anticipate the selection and celebration of the extraordinary accomplishments of the honorees," said Scott Wright, executive director of the Retail Leadership Institute. "To be selected as a Young Retailer of the Year is a high honor. Byron Clouse represents the kind of ambition and entrepreneurial spirit that will help move our industry forward."

The 22nd Young Retailer of the Year awards banquet will be held Monday, May 7, at the Renaissance Las Vegas Hotel prior to the opening of the National Hardware Show® and NRHA All-Industry Conference.

Sponsors of the 2018 Young Retailer of the Year program include Channellock Tools, Delta Faucet Company, The Fluidmaster Company, Intertape Polymer Group and Midwest Fastener Corporation.

 After 10 years, the Alcona FFA Chapter had three teams compete in the Michigan FFA Spring Career Development Events on April 20 at Michigan State University.
 There were two forestry teams and one veterinary science team. The first forestry

team included Antavius Mikazes, Pierce Bilbey, Conner Morgan and Malcolm Dix. Second forestry team had Gerianna Herman, Cecelia Spears and Matthew Good.
 The veterinary science team consisted of Lori Hayes,

Rachel Hayes, Elizabeth Henderson, and Kaysea Gleason.
 Each team had fun competing and showing off their knowledge. In the future, watch for more of Alcona FFA members in this competition.

St. Anne Church to observe centennial on May 26, 1968

May 2, 1968 ~ St. Anne Church in Harrisville will observe its one-hundredth year by a special program on Sunday, May 26.

A Concelebrated Mass will be offered at the Church at four o'clock in the presence of His Excellency, Stephen S. Woznicki, Bishop of Saginaw. This will be followed by an anniversary banquet at Alcona Community High School at 6:30 p. m.

In 1868 under the direction of Father Patrick Murray, a site was chosen for erecting a Roman Catholic Church in Harrisville and property for this purpose was donated by Francis LaChapelle.

Building began that year and in 1874 the church was enlarged. The building still stands on that site, located

on the west side of State Street. It was blessed Saint Anne Church, July 26, 1875.

Pastors from other churches who had care of the mission at Harrisville were Fr. Murray, Fr. Nevin, Fr. Roche and F. C. P. A. Winter. In October, 1889, Fr. F. H. Ruessman was appointed the first pastor of the church. He purchased the former C. P. Reynolds house next to the church for the rectory.

Pastors following were: 1892 - 1893 Rev. J. Mahar, or Rev. Edward LeFebore. 1893 - 1895 Fr. Julien Doucet. 1895 - 1905 Fr. Joseph L. Poulin, (first resident pastor). 1905 - 1913 Fr. Louis Bouchard. 1913 - 1919 Fr. Arthur Houle (died of influenza February 19, 1919). 1919 - 1924 Fr. Frederick.

W. Ryan. 1924 - 1937 Fr. Joseph W. Delehanty. 1937 - 1938 Fr. Julian Moleski. 1938 - 1953 Fr. A dalbert Narloch. 1953 - 1963 Fr. Raymond Mulka. 1963 - Fr. Vernon Sierminski.

In April, 1926, the rectory was destroyed by fire. Work was begun immediately on the new rectory and it was completed the same year.

The ten years that Fr. Mulka served the parish saw the completion of a beautiful new church.

In July, 1955, the Albert Noyes home and property adjacent to the old church was purchased as the site for the new edifice.

Ground was broken on July 10, 1960 and the Church was dedicated on August 12, 1962.

Centennial committees have been busy making plans for the May 26 observance. A Centennial History, with much of the contents in picture form, has been compiled by the committee in charge. The cover sketches of the book which is now in the process of being printed, were made by John McMaster, Jr.

The ticket committee reports that tickets are available at the 8, 9:30 and 11 o'clock Masses on Sundays and at the following locations: Spens Pharmacy and Friendly IGA Market in Harrisville; O'Cahaghan and Alcona Motor Sales in Lincoln, or the following committee members may be contacted for them: Thomas and Roy Boucher, Doris Gauthier,

John Gruden, Ted Kruttlin, Cecil James, Mr. and Mrs. Wm. Byce, Mary Smith, Mr. and Mrs. Ted Guck, Mrs. Carl Siebert, Mr. and Mrs. Ralph Moore, Mrs. Henry Gauthier, Mrs. John Bielusiak, Mrs. Oral Cote, Mrs. John Jacques and general chairman Donald Read Jr.

4-H

Achievement

Day, Sat, May 11

May 2, 1968 ~ The 4-H Clubs of Alcona County are busy getting their projects ready for display at the Annual 4-H Achievement Day Program. They will be displayed on Saturday, May 11, 1968 at the Lincoln Elementary School from 10:00 a. m. until 3:30 p. m.

The following committees were named: Dress Revue: Mrs. R. D. Gifford, Chairman assisted by Mrs. Lawrence Gauthier and Mrs. Ronald Edwards. Decorations: Mrs. George Wilson, Chairman assisted by Mrs. Harmon and Mrs. Roy Champagne. Demonstrations: Mrs. Robert Milligan, Chairman. Supervisor of Displays: Mr. R.D. Gifford. Program: Miss Rose Tacia of Spruce and Robert Milligan of Lincoln, Co-chairmen.

The displays will be viewed and evaluated from 10:00 - 12:00. At 1:30 p.m., there will be a Dress Revue followed by some demonstrations and share-the-fun acts. This is a big day in the lives of 4-H 'ers and the public is invited to attend and share with them.

Work Begun On Fairgrounds Diamond

May 2, 1968 ~ Activities are beginning to show on the improvement of the Fair Grounds. Over the past week-end the back stop for the ball diamond began to take form and is partially completed. Those participating were Floyd Baker, Bob Trego, Bucky Knight, James Kelly, Jack Foster, Carl Steadman, Floyd Ferguson and Roger Bailey. There is much more work to be done and we'll need all the help that is available. Members are urged to offer their help on the next few weekend so the diamond will be ready for the baseball season here. Those wishing to help please contact Dana Brown, Floyd Baker, Dick McCullough or Frank Bartoszek. The grading for the parking has been completed but there is much more work to be done on the parking lot. Stones have to be removed and barriers placed. Fencing of the diamond will begin soon.

StarWatch By Gary Becker - It's Leo Time

My Tuesday/Thursday class had an exceptionally clear evening on April 10; however, temperatures went below freezing before the end of the event. One of the star patterns that was especially noticeable was Leo the Lion, high in the south as soon as it got dark. To the Egyptians 4000 years ago, Leo served a practical purpose to everyone who lived along the Nile. When Leo was in conjunction with the sun, it was the "Time of the Lions," when the sun shone more directly on Egypt, heating the air and baking the ground, compelling the lions that lived in the neighboring hills to seek the refreshing waters of Egypt's lifeblood for relief. The Egyptians even had a reason for why it became so hot during that time of the year. The sun combined its powers with Leo's brightest star, Regulus, and the other prominent luminaries of the king of the beasts to produce the summer heat that drove the lions crazy with thirst. At the time of the construction of the Great Pyramid, 2560 BC, the sun actually occulted Regulus on July 12 (Gregorian Calendar) so that the lion was in close proximity to the sun from mid-June through mid-August. Today, the sun passes below Regulus, but it is close to Leo's alpha star from late July through late September. Why the change? Our calendric system is based upon the tropical year which results from the time interval between two successive crossings of the vernal equinox (first moment of spring) by the sun and not a full revolution of Earth around Sol which is about 20 minutes longer. The westward motion of the vernal equinox transpires because the Earth's axis wobbles in a nearly 26,000-year cycle called the precession of the equinoxes. By using the tropical year instead of the exact orbital period of Earth, holidays stay in sync with the seasons. Christmas will always remain in step with early winter, but the stars of Christmas will slowly change to become the stars we observe in early summer. That will take about 12,000 years. Check out Leo the Lion by first finding the Big Dipper high in the NE right after dark. Then take the Dipper's two Pointer Stars, Dubbe and Merak, and instead of using them to find the North Star by traveling left, move to the right in a straight line across the sky until you see a backwards question mark. That is the head and part of the body of Leo. Bright Regulus will be the "dot" at the bottom of the backwards question mark. To the left of the question mark, three stars form a distinctive triangle which becomes the hindquarters of the lion. Putting it all together gives one the impression that the lion really represents the Egyptian sphinx. Check it out! I'm not lying about the Lion or the sphinx. It's really cool to see! www.astronomy.org

Moments In Time

By The History Channel

- On May 7, 1789, President George Washington attends a ball in his honor. The event provided a model for the first official inaugural ball, which later became an annual tradition. The record number of inaugural balls attended in one night by a president is 15, set by President Bill Clinton in 1997.
 - On May 11, 1947, the B.F. Goodrich Company announces it has developed a tubeless tire, a technological innovation that would make automobiles safer and more efficient. In 1952, Goodrich won patents, and the tubeless tire quickly became standard on most new automobiles.
 - On May 13, 1958, anti-American demonstrators pelt then-Vice President Richard Nixon's limousine with rocks in Caracas, Venezuela. Despite warnings not to send Nixon to Venezuela, where anti-American sentiment ran particularly high, he went anyway.
 - On May 12, 1963, Bob Dylan walks out on "The Ed Sullivan Show" after network censors rejected the song he planned to perform, "Talkin' John Birch Paranoid Blues." Sullivan had heard the song days before and had no concerns.
 - On May 9, 1971, the last original episode of the sitcom "The Honeymooners," starring Jackie Gleason, airs. Although a perennial rerun favorite in syndication, only 39 episodes actually aired.
 - On May 8, 1984, the Soviet Union announces that it will boycott the 1984 Olympics in Los Angeles. It was a response to the United States' decision to boycott the 1980 Moscow games. Thirteen other communist nations also refused to compete.
 - On May 10, 1990, the government of the People's Republic of China announces the release of 211 people arrested during the massive protests held in Tiananmen Square in Beijing in June 1989. Observers viewed it as an attempt by China to dispel much of the terrible publicity it received for its brutal suppression of the 1989 protests.

Strange But True

By Samantha Weaver

- It was famed journalist and news anchor Edward R. Murrow who made the following sage observation: "Just because your voice reaches halfway around the world doesn't mean you are wiser than when it reached only to the end of the bar."
 - Thomas Jefferson was an inventor as well as a statesman, but he refused to take out patents on any of his ideas. He believed that inventions should benefit all of humanity, not just himself.
 - Many people know American counterculture figure Ken Kesey as the author of the 1962 novel "One Flew Over the Cuckoo's Nest," which presents a disturbing portrait of life in a mental institution. It's less well known, though, that Kesey got an inside view of the system when he worked as a janitor in a mental hospital before he became famous.
 - Those who study such things say that a typical newspaper contains just 30 percent editorial content -- 70 percent of the paper you buy is taken up by advertising.
 - The last country in the world to get telephones was the South Asian nation of Bhutan, and both television and the Internet were banned there until 1999. Incidentally, Bhutan also is the only nation in the world in which the well-being of the citizens is so important that the government measures the country's Gross National Happiness.
 - The Beatles was not the first band in which John Lennon played. Those previous groups obviously didn't work out, though; in fact, at one point Lennon broke a washboard over a bandmate's head during a dispute. After the Beatles' success, though, Lennon apologized in style: He bought the poor guy a supermarket.
 - In Germany, Rice Krispies don't say "Snap, Crackle, Pop"; they say "Knisper, Knasper, Knusper."
